

Customer Success Lifecycle Journey

To clearly identify the proactive activities of the TAM during the lifecycle of the customer journey

PROCESS CHAMPION

TAM Leadership

CORE STAKEHOLDERS

Cross-functional CS, Sales & Onboarding Leadership

This document maps the end-to-end customer success lifecycle across seven stages, from new sales handoff through onboarding, adoption, value management, renewal risk, and expansion. A dedicated onboarding deep-dive follows, detailing the high-touch onboarding sub-journey. Names and internal tool references have been generalized for public sharing.

FULL CUSTOMER LIFECYCLE

NEW SALES DEALS

5 touchpoints

Add to CSP

TRIGGER *Oppty Closed/Won*

OBJECTIVES

- Allow for account tracking

WHO'S INVOLVED

CX OPS

Assign a TAM

TRIGGER *Oppty is Closed/Won in CRM, ARR is above lower ARR limit \$125k*

OBJECTIVES

- Identify what customer journey the customer will have if they are with a TAM or not

WHO'S INVOLVED

CX Leadership · TAM

KEY ACTIVITIES

- 1 CX Leadership notified that a deal meeting min ARR requirements has changed to Closed/Won in CRM
- 2 TAM name entered into CRM/CSP
- 3 Notification sent to TAM of the new assignment
- 4 If no TAM assignment add to Digital TAM group

TEMPLATES & COLLATERAL

Notification provided to the AE, TAM including outline of next steps

SYSTEMS

ONBOARDING / DELIVERY & EXECUTION

6 touchpoints

Pre-Onboarding [Internal Activity]

TRIGGER *The Handover from Sales to Onboarding and TAM teams has been performed & customer tenant is created*

OBJECTIVES

- Create an onboarding plan
- Engage and align all resources
- Align on Onboarding Kick Off
- Document technical SOW
- Capture milestones, KPIs, dependencies, deliverables
- High-level solution discussion
- Customer top 3 priorities
- Capture risks identified that could prevent from obtaining desired outcomes
- Agree on logistics across internal stakeholders
- Assemble onboarding team

WHO'S INVOLVED

AE · Professional Services (PS) *(If needed)* · Onboarding Engineer

KEY ACTIVITIES

- 1 OE and TAM meet to review pre onboarding document
- 2 TAM/OE - Update critical customer data fields in CSP)
- 3 TAM/AM meets with OE to capture key customer priorities

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Onboarding CSAT score, NPS Score is higher for year 1 clients

Customer Onboarding

TRIGGER *The onboarding engineer has all the artifacts that constitute the onboarding plan readiness (SOW, Kick-off plan etc)*

OBJECTIVES

- Onboarding journey presented to the Customer
- Onboarding prerequisites including credentials for the Customer shared and explained
- Technical Onboarding scope detailed, dates agreed upon
- Success criteria, with milestones and KPIs, confirmed with customer
- Timelines and deliverables confirmed with customer
- Customer dependencies and deliverables agreed upon
- Align expectations and mitigate risks early

WHO'S INVOLVED

Executive Decision Maker · Key Contacts · AE · TAM · Technical Support (TS) · Professional Services (PS) *(If needed)* · Onboarding Engineer

KEY ACTIVITIES

- 1 TAM/OE update CSP
- 2 TAM will confirm strategic milestones with customer - set expectations on governance model, including business owner touchpoints
- 3 Monitor and intervene as necessary - due to misalignment with customer goals, missing timelines, milestones, etc.; involves potentially escalation, rework/regroup or other adjustments for the onboarding team

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Onboarding CSAT score, NPS Score is higher for year 1 clients, Decrease time to revenue, Increase Revenue

Implementation and Value Delivery

TRIGGER *Following the onboarding alignment and kickoff and technical onboarding (technical user training)*

OBJECTIVES

- Co-Execute onboarding plan
- Deliver first value
- Build rapport with the client
- Iterate until plan fully executed
- Handover to TAM/TS before Launch (Go/No-go)

WHO'S INVOLVED

Key Contacts · Company employee · TAM · Technical Support (TS) · Professional Services (PS) *(If needed)* · Onboarding Engineer

KEY ACTIVITIES

- 1 Confirmation from the client that they can start using the system and the value they are getting by moving to us
- 2 Send celebratory note
- 3 Ask for online review or a MOV (moment of value)

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

NPS Score is higher for year 1 clients, Onboarding CSAT score, # of MOVs

Customer Leadership Strategic Update

TRIGGER *Every two weeks with the decision maker/ Key Contacts*

OBJECTIVES

- Update the Customer management team on progress, risks, opportunities (one on one call)
- Uncover feedback from the stakeholders working with our onboarding team
- Uncover new priorities and changes in the business that might a barrier or an opportunity for upsell
- Build the strategic relationship with the business leads
- Establish a superior customer experience
- OE updates executive sponsor on status prior to Customer Leadership Strategic update

WHO'S INVOLVED

Executive Decision Maker · Key Contacts · AE · TAM · Professional Services (PS) *(If needed)*

KEY ACTIVITIES

- 1 Follow a consistent agenda to share recent updates, uncover or discuss risks and mitigation strategies, seek feedback and gain update on recent business developments
- 2 Different from onboarding status call - this is more about making sure the business lead understands whether or not they're going to make their business goals and whether something changed
- 3 Monitor and intervene as necessary - due to misalignment with customer goals, missing timelines, milestones, etc.; involves potentially escalation, rework/regroup or other adjustments for the onboarding team

NPS Score is higher for year 1 clients

MOMENT OF VALUE / CELEBRATION

ADOPTION

5 touchpoints

Update Customer 360 Weekly

TRIGGER *Weekly for TAM accounts, Qtrly for Non-TAM accounts*

OBJECTIVES

- Provide dynamic view of the customer - updates ensure that we provide an accurate view of what is currently going on with the account
- Maintain continuity for handover purposes
- Ensure that other parts of the organization have insights into the company
- Aligned and complimentary to the account views provided by the AE
- Provide dynamic view of the customer

WHO'S INVOLVED

AE · TAM · Digital CX

KEY ACTIVITIES

- 1 Capture the latest events, sentiment, updates from the customer
- 2 Capture critical and/or ongoing issues
- 3 Consult AE for input, review and share as needed with other internal parties
- 4 Update TAM and AE Sentiment
- 5 Update Risk Analysis

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Reduce Churn and Increase Upsells, CSAT/NPS is higher

Value Advisory Assessment

TRIGGER *Monthly assessments, quarterly deep dives*

OBJECTIVES

- Continuously assess the value the customer is realizing, the state of satisfaction, utilization and catching and addressing all issues in a timely fashion
- Validates the areas of usage for each part of the product / Policy area.
- Uncovers areas of discussion to improve adoption and upsell

WHO'S INVOLVED

AE · TAM · Digital CX

KEY ACTIVITIES

- 1 Update customer 360 as needed
- 2 Touch point with customer

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Reducing churn, CSAT/NPS is higher, Usage/adoption increase

DIGITAL ASSETS

VPA reports, report templates,

EPS Analysis

TRIGGER *Monthly post Onboarding*

OBJECTIVES

- Increase visibility into consumption and utilization
- Ability to intervene if necessary to determine what is causing the increase or drop in EPS

WHO'S INVOLVED

AE · TAM · Technical Support (TS) · Digital CX

KEY ACTIVITIES

- 1 Identify relevant reporting and systems required
- 2 Build or identify resource to build report to capture consumption data
- 3 Reach out to customer based on consumption data if necessary
- 4 Provide information to the AE and the OE
- 5 Provide summary based on template for CRM (not weekly) and for escalation as needed

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Overage Revenue increase, Reducing churn

DIGITAL ASSETS

Automate notices of overage

Customer Surveys (NPS)

TRIGGER *3-4 times a year*

OBJECTIVES

- Gain insights into how the customer loyalty and satisfaction with SX to address potential issues and mitigate risks

WHO'S INVOLVED

Key Contacts · AE · TAM · Technical Support (TS) · Digital CX

Revenue Risk Management & Renewals

4 touchpoints

Churn Risk Score/Index

TRIGGER *As Needed/ Twice a quarter*

OBJECTIVES

- Identify customers that are at high risk of stop doing business with us
- Used across customers to help establish baselines, reliability, prediction of churn

WHO'S INVOLVED

AE · TAM · Technical Support (TS) · Digital CX

KEY ACTIVITIES

- 1 Identify churn risk factors/triggers to compose index
- 2 Monitor for risks to the account based on factors identified
- 3 Adjust and evolve to better capture churn risk

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

% of customers saved is higher, % of low utilization is reduced

MOMENT OF VALUE / CELEBRATION

Risk Playbooks

TRIGGER *Customer flagged by churn risk score*

OBJECTIVES

- Activate standard procedures based on common risk triggers (such as a detractor NPS score)
- Provide mitigation to risk identified - red to yellow, red to green

WHO'S INVOLVED

AE · TAM · Technical Support (TS) · Professional Services (PS) · Onboarding Engineer · Digital CX

KEY ACTIVITIES

- 1 Assess the risk
- 2 Determine the correct play to mitigate the risk, identify the correct stakeholders
- 3 Execute the play as outlined in the playbook but adapted to the specific customer situation

TEMPLATES & COLLATERAL

Email template, Risk playbook - process, framework, key activities

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

% of customers saved is higher, % of low utilization is reduced

Code Red

TRIGGER *Customer is identified as a imminent churn risk*

OBJECTIVES

- Inform management to intervene in order to rescue the relationship

WHO'S INVOLVED

AE · CX Leadership · Exec Sponsor · TAM · Technical Support (TS) · Professional Services (PS) · Onboarding Engineer · Digital CX

KEY ACTIVITIES

- 1 Review customer escalation, issue(s) at hand, internal and external parties involved,
- 2 Assemble the cross-functional team to address the customer issues
- 3 Setup meeting with internal stakeholders to determine plan of action
- 4 Coordinate updates internally and externally

TEMPLATES & COLLATERAL

Email template, Code Red framework/playbook

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

% of customers saved is higher, % of low utilization is reduced

MOMENT OF VALUE / CELEBRATION

Contract Renewal support

TRIGGER *6 months prior to Renewal (interim and expiring)*

OBJECTIVES

- Assist the AE with the renewal by providing input on customer technical relationship
- Leverage the relationship the TAM has prior to the renewal phase to help the AE establish rapport
- Digital - Provide notice to customer on pending renewal

WHO'S INVOLVED

AE · TAM · Professional Services (PS) · Digital CX

KEY ACTIVITIES

- 1 TAM/Digital TAM reaches out to the customer and informally finds out the customer's propensity to renew a few months ahead of the renewal date
- 2 If AE is new or doesn't have a strong relationship with the account, the TAM helps introduce them to the appropriate resources ahead of time
- 3 TAM shares their forecast and success plan with the AE and highlights any reasons for risk of renewal or opportunities for upsell
- 4 AE reaches out to the customer a few months before the renewal
- 5 AE negotiates contract and renewal terms

SYSTEMS

CRM, CS Platform

SUCCESS METRICS

Average Revenue per Customer is higher, Higher retention rate

CSQL

TRIGGER *Based on a specific need or opportunity from a customer; could happen at any point in journey*

OBJECTIVES

- Identify additional features, product, features, solutions to address a customer need
- Drive expansion and revenue
- Maximize value for customer using our products and services
- Identify upsells for Sales

WHO'S INVOLVED

Executive Decision Maker · Key Contacts · AE · TAM · Professional Services (PS) · Digital CX

KEY ACTIVITIES

- 1 Vetted lead that TAM introduces to Sales
- 2 Document lead
- 3 Qualify lead based on CX best practices process
- 4 Track leads through sales stages to close.
- 5 Post-mortem to determine efficacy of process and possible changes to process

TEMPLATES & COLLATERAL

Launch (Go / No-Go)

TRIGGER *The implementation and delivery phase specified in the onboarding plan has been co-executed. The Customer and HERE are ready to meet and decide on the readiness for Launch*

OBJECTIVES

- Determine with customer and HERE if solution is ready to adopt, launch operate and support
- The tollgate review has three possible outcomes: Not Launch: Continue with "Failure Analysis Postmortem" Postpone Launch: Continue with "Remove Launch Blockers" Launch: Continue with "Adopt"

WHO'S INVOLVED

Business Sponsor/Champion · Program Lead/Manager · AE · CSM LT (leadership team) · Customer Success Manager · Technical Support (TS) · Professional Services (PS) · Onboarding Manager · Product Management

KEY ACTIVITIES

- 1 Create tollgate review record with agreed next steps, owners and due dates
- 2 If launch is no-go (failure), create postmortem review record with reason for failure findings and action plan to address these and prevent reoccurrence.
- 3 If postponed, the Onboarding team conducts an analysis of the findings, works with all stakeholders including the Customer, puts in place a mitigation plan and executes it to remove those obstacles - back to tollgate progress.
- 4 Customer provides feedback, i.e. onboarding CSAT survey is conducted
